1. Chapter I Enter the Duel Realm

CHAPTER 1 ENTER THE DUELING REALM

In the past 25 years dueling has become a very popular game around the world. Everybody loved it, everybody played it, everybody was collecting cards, everybody was having a great time dueling. The game became so popular duel runners we're made for the game. But one day something very terrible happend.

3 Egyptian God Cards. One day they appeared from the sky by a masked duelist wielding them. Slifer the sky dragon, The Winged Dragon of Ra and Obelisk The Tormentor. They attacked the whole World, the duelists took a stand but they we're ultimately defeated, the cards weren't holographic they we're real. After that humanity got destroyed but it slowly rebuilted. Who was the masked duelist? How did he get his hands on the Egyptian God cards? Many things left un-answered. The Unknown is darkness.

****5 Years after the incident.****

A figure was standing at the cliff. Behind him was the destroyed Duel Academy. The figure was wearing a skeletal mask with red eyepieces and it was wearing a dark camouflage mantle. On his right arm was a duel disk. It was a black duel disk with red blade.

Duel Academy was destroyed. The entrence to the academy was blocked by the encraved rocks of the monsters. Outside was a red torn slifer jacket collecting dust just lying there on the rocks for years. The

island is very damaged, the trees we're gone because the volcano erupted. The duel academy towers we're destroyed some of them we're still standing but they we're highly damaged. The docks we're gone, in the water a boat was protruding a little. Over the water a makeshift boat made of wood was floating around. On the boat was a broken paddle and a water vest.

The dorms we're destroyed and their material was scattered all around the island.. What a beautiful destruction was there. 20 miles west of DA was Domino City.

****Domino City****

Domino City was still there. It was half destroyed and half left untouched. Kaiba Corp was destroyed and Seto Kaiba's status was still unknown. When Slifer the Sky Dragon appeared people said that they saw a Ultimate Blue Eyes White Dragon attacking Slifer. Was it true or a rumor? Many things left un-answered.

In Domino City there was a organization called Rare Hunters. They have the best cards in the game. They duel by the ante duel rule. If you lose, You lose your most rarest card in the deck. The condition to join the organization was to win 20 ante duels in a row and donate all the rare cards to them. If you do that you're officially a member of them. Their members have blue uniforms with black cowboy hats. Because of the disaster the sky was darkness blue , it was always Rare Hunters are the soldiers of the city, the police and they are the LAW.

In the city lives a girl named Jessica. She has beautiful blonde hair and blue eyes. She is around 17-18 years old and lives alone in her apartment. Her parents died in the EGCD(Egyptian God Cards Disaster) and she became a very serious and cold person. She disliked dueling and was sadistic. She enjoyed to make her opponets suffer and with the ante Rule she got their most rarest cards. She doesn't donate the cards to the Rare Hunters, instead she sells them on the Duel Market for some money and thats how she's making for living. One day she got a letter. It didn't have the senders name or any information at all. . In the letter was written - ****Old abandoned school, Basketball playground. Come if you have the guts for a epic duel.****

On this cold day she was looking for her opponent. She arrived at the abandoned school. The school had a basketball court outside we're there was a duel going on. The playground was dirty and it wasn't cleaned for years, but with all the disaster who the hell is gonna clean a basketball court.

Do you with what dark power are you dealing with, these cards are very malicious!- Sheppard was shouting.**

â€Ž**I guess there is no other way to obtain them". â€ŽYour Duel disk is on Lets settle this with a duel". â€ŽIf i lose you can murder me, but if i win i can get the cards. Live vs Cards."- Arrogantly says Hell. â€ŽFine, by me I will make you perish! HAHAAHAHAHA" â€" Sheppard was genuinely laughing.**

"Shit, i set one card face down and ent my Turn " Angrily said Sheppard. "Sheppard was mad. He was very mad. His chance to kill this guy was gone by some monster from the graveyard. Being Insane he couldn't think straight anymore. He took few step backs and he was standing at the end of a cliff. If someone fell down there, it would've been insta death, the impact would've been to high and it would crush someones head in. At the end of the cliff we're duel disks and bones from the students. It was a graveyard.

"My turn. Draw". "Turn 4 "I activate my spell card called Tribute to the doomed, by discarding one card to the graveyard i can destroy one of your monsters." He activated Polymerization and Fused Elemental Hero SparkMan with Necro...Shade. JUDAI! I remember now he was my favourite student. "A single teardrop dropped from Sheppards eyes. Hell was suprised for a second but continued his duel.

"I activate My equip spell card called Spark Blaster, It allows my Sparkman to change the Position of your monsters, and i switch both of your Monsters TO Def Position Cyber Orge (1200/1900/Machine/Effect/Earth/Level5) and Cyber Orge (1200/1900/Machine/Effect/Earth/Level5). His cards were very damaged and dirty. **"Cyber Orge attack Sparkman, Dark Claw!". ** Hell 1250-950 LP.

"Just a little more Hell, and you're defeated." "I end my Turn". **At this point Sheppard lost his sanity, he was spinning his arm around and he was laughing really hard. He took off his Red Jacket and threw it to the graveyard.

"Hell you will lose. Hahaha". "Is that so?" "Hell answered calmly. **Sheppard was pissed now. He's winning and this guy is still calm and confident. He grinned his teeth.

"It's my turn now". "I draw". ****Turn 6** **"I activate my spell card called Card of demise. This card allows me to draw until i have 5 cards in my hands". "Draw".**

"This is it. I activate my spell card trap booster. This card allows me to activate one trap card from my hand by discarding one from my hand." **He quickly discarded (Thunder Crash)

"From my hand I activate the Trap card called Needlebug Nest. With this card i send 5 cards from my deck to the graveyard". **He took 5 cards and quickly sent them to the graveyard(Fakehero,DarkNecroFear,Elemental Hero Bubbleman,GranMarg the Rock Monarch,Megamorph).

"And finally from my hand i activate the spell card Dark Fusion which allows me to perform a Fusion Summon from my graveyard by removing from play the selected fusion materials. I Banish DarkNecroFear and my GranMarg the Rock Monarch. To Fusion Summon my Evil Hero Dark Gaia (???/Earth/Fiend/Fusion/Level8/Effect). **

"Unknown Attack Points, what the fuck is this thing?" "Shocingly asked Sheppard.**

"This is your worst Nightmare. Dark Gaia gets ATK of both my monster ATK combined". "That means It gets DarkNecroFears attack points and Granmargs monarch too!- Says Sheppard. 2200+2400=4600 ATK DARK GAIA. **When Dark Gaia attacked Cyber Orge holographic Lava erupted behind Hell and it shed all over him.

Dark Gaia destroys Cyber Orge. 1000-0 LP. Sheppard screamed and by the impact of the attack he fell in the graveyard. He impaled himself on a Slifer Red duel Disk. Hell made his way towards the sacred beasts and he unlocked them. Dark Aura emitted around them. What powerful cards. Hell quickly put them in his deck along with the sacred beast infamous fusion monster. He exited the canyon via stairs and he arrived outside.
